U.E.M.S. ACCREDITATION

Accreditation and Certificate of Attendance

The **SARDINIA SPINE 2021...and stroke JOINT MEETING** Congress has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME) with **16 CME Credits** (ECMEC's). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Recognition of UEMS-EACCME® accreditation

Since the UEMS-EACCME® is an institution of the UEMS which formally represents European countries, its credits are recognised by National Accreditation Authorities in Europe. As UEMS-EACCME® accreditation concerns only EU-wide and international CME-CPD activities, it is not competitive but rather complementary to the competence and activities of National Accreditation Authorities.

Recognition of UEMS-EACCME® accreditation for American Healthcare professionals

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.
